ORIGIN & ETHICAL SOURCING

Patagonian heritage

Our sheepskin, goatskin and fox fur originate from Patagonian Argentina, paired with Argentine cowhides. Hides are tanned for a soft, silky and durable finish.

Sustainable & ethical

All hides are ethically sourced, strictly as a by-product of the meat industry, in a fair-trade environment. Natural fur is organic and biodegradable.

Wildlife management

PITUCA is officially registered with National Wildlife. Fox and otter come from regulated culling programs that help keep populations in balance.

NATURAL PROPERTIES & CRAFT

Artisanal craftsmanship

Every piece is hand-cut and sewn by skilled Argentine artisans.

Wool benefits

Rich in natural lanolin, sheep wool is naturally water-repellent and antibacterial.

One-of-a-kind

Every hide has its own shape and texture. Natural white sheepskins carry a soft cream undertone.

CARE & MAINTENANCE

General care

Avoid direct sunlight. Shake regularly to keep the texture.

Spills & cleaning

Attend to spills immediately. Never rub, brush or massage hides when wet. Professional cleaning only.

ORDERING & SHIPPING

Made to your size, shipped from Argentina.

BESPOKE ORDERS	Most items can be made to your size and colour.
LEAD TIME	Orders ship within 4 to 6 weeks of payment confirmation.
UNFILLED SHIPPING	International pillow and puff orders ship as cases only, to keep freight low.
PAYMENT	Wire transfer and credit card.
PRICING	Wholesale and trade pricing upon request; subject to change.
SAMPLES	Available upon request; cost varies by hide.
